Work Better Together, Even While Apart

GET A 6-MONTH FREE TRIAL PROMOTION OF MICROSOFT OFFICE 365 E1

In response to the Covid-19 outbreak, many organizations are rushing to equip and enable their employees to work from home. But deploying and managing multiple tools across multiple teams is no small task, and it can often lead to disruptions that diminish rather than advance critical collaboration.

Green House Data and our partners are here to help. We're offering a 6-month trial subscription to Microsoft Office 365 E1—a powerful toolset that quickly gets your remote teams up and running with crucial productivity applications, web chat, video meetings, and much more in one trusted solution. It gives your employees a centralized hub for collaboration with all the capabilities they need to connect, communicate, and contribute to everyday work, including:

ONLINE MEETINGS: Enables team members to join from anywhere to host or participate in audio, video, and web conferences with others inside or outside your organization.

COLLABORATION & PRODUCTIVITY: Gives employees ready access to web versions of the full suite of MS Office apps so they can access, share, and edit files (like Word, Excel, and PowerPoint) in real time.

1-TO-1 COMMUNICATION: No matter where work takes them, employees can stay connected through interactive chats and calling experiences using any Teams-enabled devices.

CENTRAL HUBS: OfficeE1 offers keeps your entire organization on the same page. Create corporate intranet sites and individual online storage with SharePoint and OneDrive, while planning team projects and staff management through Planner, StaffHub, and Whiteboard.

Added Resources to Fast-Track Success

Green House Data also offers consulting services to help support and accelerate the onboarding process:

Pre-sales Assistance

Our Partner Technical Services advisory team can help you identify and activate the right capabilities to support your specific critical use cases, from meetings and chat services to file collaboration.

Office 365 Jumpstart

Our 4-hour “hands off” consultation session provides a list of high-level best practices for deploying Office 365.

Microsoft Teams Bootcamp

This 5-day, in-depth training details best practices for Microsoft Teams adoption and rollout across your organization.

Office 365 Adoption Services

Our experienced Microsoft experts provide consulting services for other areas of O365, including migration services for Hosted Exchange, Slack, or Skype for Business; and implementation of security management, and hardening tools.

OFFICE 365 TRIAL PROCESS

1. Engage with Green House Data Sales Experts
2. Identify all services you will need to setup, configure and rollout the new platform
3. Complete Teams 6-month Trial order
4. Receive Teams Activation (must be enabled in MS 365 Admin Center)
5. Engage with Green House Data Experts to support rollout efforts

Microsoft Teams

Choose A Faster Path to Success

ACCELERATE ADOPTION OF MICROSOFT TEAMS WITH OUR 5-DAY TEAMS BOOTCAMP

Organizations are moving at lightning speed to transition their workforce environments to protect the health and well-being of employees during the COVID-19 pandemic. As part of this effort, many organizations are turning to tools like Microsoft Teams to support remote team collaboration.

But as with any new technology deployment, organizations can encounter unforeseen challenges or issues that lead to costly delays and disruptions.

Green House Data can help steer clear of potential missteps and fast-track success. Our new 5-Day Teams Bootcamp details best practices and step-by-step plans for managing and deploying Microsoft Teams. Through this program, you'll be able to test all possibilities, ask questions, and discover what's next for your business.

BUSINESS ALIGNMENT: Define outcomes and success to increase the successful adoption of Microsoft Teams across your organization, while also create a proven strategy that maps to these critical measures.

TEAMS CONFIGURATION: Prepare and deploy Microsoft Teams across your user community. Learn how to capitalize on the rich extensibility and open APIs of this powerful toolset.

ONBOARDING PLAN: Work with our SMEs to maximize adoption by creating real-world scenarios that demonstrate the power of this collaboration tool in helping employees connect and collaborate.

MANAGEMENT & GOVERNANCE: Learn how to drive healthy usage by managing governance and the policies, roles, responsibilities, and processes that control how business groups and IT staff work together.

Teams Bootcamp Agenda

SESSION TOPIC	DETAILS	DURATION
